Transport Inc.

Your *Direct* Connection Between the US and Canada

Established in 1975. Canada has been providing **Quality, Professional, and Friendly** carrier service for over twenty-five years.

Company Profile

Canada Transport is an established company providing quality LTL and Full Load carrier service throughout North America since 1975. This is a long-term commitment to excellence and quality of service for our clients, each with their specific needs. To satisfy the needs of our clients, we choose, experienced professional drivers to represent Canada. Canada Transport employs 36 people at 4 offices. All of our offices have warehouse space equipped to accommodate client needs. Canada is committed to its clients. We strive to provide the best service, by maintaining a medium size fleet, we remain competitive with very large carriers, without compromising personal service. From the dispatcher who provides the rates, and books the loads, to the driver transporting the freight, and representing our clients when making deliveries. All of us at Canada are here for your transportation needs.

Services

Here at Canada we provide two specialized transport services. LTL.(Less Than full Load) and Full Load. Canada operates 125 tractors, 150 dry vans, 24 reefer vans, and 4 straight trucks. All units are bonded and licensed to haul everything from dangerous goods, and hazardous materials, to fruits and vegetables, to classic cars and antiques, plus everything else in between. Our Service area is eight Canadian provinces and 48 Continental United States. We are satellite equipped to maintain a direct link to all of our drivers enabling real time tracking and customer Internet tracing of your shipments. Canada Transport Inc. is a Canadian / United States Bonded carrier, which allows us to haul, bonded shipments across the Continent. Being Bonded means we pre arrange border crossing for our drivers to minimize delays at the borders.
